SHAVE THE DAY!

Dear Sir/Madam,

This is to certify that this individual is participating in the UNSW Medical Society's Charity Day 'Shave the Day' [Medshave]. As Medical Students, we have recognised that 1 in 2 men and 1 in 3 women will be diagnosed with cancer before 85 years of age. We ask that you would be generous in sponsoring this individual who is willingly sacrificing their hair in order to raise money for the Cancer Council. This non-government organisation does essential work in advocating the prevention of cancers and treatment and support of patients. Without the support of people such as yourselves, none of this would be possible.

Sincerely,

Aditi Mahajan, Lawson Ung and Grace Leo

Medsoc Charities Co-ordinators 2010
